Nuclear 2008

Annual International Conference on Sustainable Development through Nuclear Research and Education

28-30 May 2008
Pitești, România

NUCLEAR

Registration and call for papers

CONTEXT

Developing sustainable nuclear energy is of paramount importance to meet the present major objectives: increase the security of energy supply and reduce the green house-gas emissions.

There is also a continuing and increasing need for exchange of experience and discussion of the major problems that nuclear energy faces now.

PURPOSE

Nuclear 2008 Conference will focus all the efforts of the nuclear energy scientists, producers, industry and users to prove that nuclear power is a component of the sustainable development.

The Conference invites other power producers for an open exchange of expertise and debates in the field of environmental protection and sustainable development.

Nuclear 2008 makes also the necessary link with the high education inviting Professors and students from technical Universities.

Nuclear 2008 is structured as a three-day meeting consisting in plenary sessions, parallel sessions, poster presentations and round tables.

A technical visit of ICN facilities and Vidraru hydropower plant will follow the Conference on May 30, 2008.

TOPICS

The conference agenda will examine and explore the following topics:

- I. Nuclear Energy**
 - Nuclear Safety and Severe Accidents
 - Nuclear Reactors
 - Nuclear Technologies and Materials
- II. Environmental Protection**
 - Radioprotection
 - Radioactive Waste Management
 - Air, Water and Soil Protection
- III. Sustainable Development**
 - Strategies in Energy
 - Renewable Energy
 - Education, Continuous Formation and Knowledge Transfer
 - International Partnership for a Sustainable Development

LANGUAGE

Papers should be written in English, but the official languages of the Conference are both Romanian and English.

ABSTRACT

The organizing Committee invites abstracts of original papers, dealing with the Conference topics, presenting the purpose, results and conclusions of the work in a maximum 500 words.
